**THE iVT SERIES**

**iVT International**

**Off-Highway Annual Review**

If your components and technologies are used in off-highway vehicles, then this edition of iVT International provides an excellent platform from which to promote them. iVT Off-Highway Annual Review acts as a showcase of the latest components and technologies available to off-highway OEMs. Detailed editorial features cover a wide range of subjects, from advanced concept designs to component engineering and manufacturing technology. A variety of components are featured, although particular emphasis is placed on drivetrains, mobile hydraulics and driver controls, cab ergonomics and styling. Circulated worldwide, the Off-Highway Annual Review provides vehicle manufacturers with an unrivalled guide to the latest technologies, while component manufacturers benefit from an effective marketing opportunity.

**iVT International Quarterly Magazine**

Distributed worldwide, the quarterly iVT International magazine provides more topical, news-driven coverage of the industrial vehicle market and examines the design and engineering of all classes of vehicles covered by the annual review. iVT magazine contains case studies on newly launched vehicles, together with industry news, interviews and market reports. Regular technology updates focus on particular component groups, examining new product and technology advances in areas such as mobile hydraulics, drivetrains, vehicle design, electronics, electrification and automation.

Contributions from industry specialists focus on the latest designs and engineering technologies that enhance vehicle development. Available four times a year, iVT magazine provides a regular platform from which to promote your company to OEMs worldwide.

**iViT China Biennial Review**

The ideal publication in which to advertise to the vitally important Chinese market. 5,000+ copies are distributed to senior engineers and designers at China-based OEMs manufacturing all categories of industrial vehicles. Printed in Mandarin with free editorial and advertising translation available.

---

**PUBLISHING SCHEDULE**

**iVT International Quarterly Magazine – June**

**Electronics issue**

Principal Editorial Features: Advances in off-highway electronics, anticipating market trends in the year ahead and how electronic advancement allied to automation is optimising the industry. All the latest lift-truck developments with a review of new technology in the sector. Plus new construction vehicle launches and a leading OEM interview offering industry insight.

---

**iVO: Off Highway Annual Review 2022 edition – August**

**Design Challenge 2021**

Principal Editorial Features: Design Challenge leads the way! – see the industrial vehicles that will change the future as conceived by today’s talented industrial designers. Share their experience as they confront the challenges of how to make tomorrow’s industrial vehicles even better. In addition, all product groups are featured: Engines; Powertrains; Fluid Power; Electronics; Ergonomics and Styling; Manufacturing and Exhibitions.

---

**iVT International Quarterly Magazine – September**

**Hydraulics + Engines + EIMA preview**

Principal Editorial Features: Examination of the latest hydraulic developments + drivetrain technologies. Stage V engines and emissions controls. Review of the most recent alternative vehicle propulsion systems. Preview of EIMA International 2021, 19-23rd October in Bologna, Italy. EIMA is one of the leading trade fairs for agricultural and gardening machinery, and features 2,000 exhibitors and 50,000 machine models. Other features include cab ergonomics and driver controls. New agricultural developments and the latest construction vehicle launches.

---

**iVT International Quarterly Magazine – November**

**Electrification issue + Agritechnica preview**

Principal Editorial Features: The latest electric vehicles being developed by OEMs and a review of the latest supplier technology. Preview of Agritechnica 2022, 27th April - 5th March, Hannover. The leading agricultural trade fair and exhibition for agricultural machines, technology systems and components – and the meeting place for agricultural vehicle manufacturers and the supply industry. New agricultural vehicle launches, precision farming and ISObus.

---

**iVT International Quarterly Magazine – March**

**Bauma Munich preview + Construction vehicle review + Connectivity**

Principal Editorial Features: Preview of Bauma Munich, 4/10th April 2022, Europe’s premier trade fair for construction vehicle manufacturers and their equipment suppliers. Related new vehicle launches and construction vehicle features. New developments in connectivity are examined with special emphasis on CANbus and telematics.

* Please note that although we try extremely hard to avoid changes to the publishing schedule, they can sometimes occur. In the event of change, publishing dates, final copy dates and editorial features may be subject to revision by the editor.

Please note that the iVT magazine series is published in two sizes and advertisement dimensions are as follows:

**Mechanical Details**

**iVT International quarterly magazine, iVT China Annual Review**

- **Page trim size:** 215mm (width) x 275mm (height) (8.465in x 10.827in)
- All printed matter should be within 5mm (1/4in) of the edge to allow for trimming
- **Text area:** 195mm (width) x 255mm (height) (7.677in x 10.039in)
- **Half page:** 183mm (width) x 115mm (height) (7.205in x 4.528in). No bleed option
- **Quarter page:** 88mm (width) x 115mm (height) (3.465in x 4.528in). No bleed option

**Off-Highway Annual Review**

- **Page trim size:** 210mm (width) x 297mm (height) (81/4in x 115/8in)
- All printed matter should be within 5mm (1/4in) of the edge to allow for trimming
- **Text area:** 180mm (width) x 270mm (height) (7in x 101/2in)
- **Half page:** 180mm (width) x 132mm (height) (7in x 51/4in). No bleed option

**Format:** All material should be supplied electronically by email

**ADVERTISER EDITORIAL OPPORTUNITIES**

**Technical Articles**

A limited amount of space is available for advertisers to submit objective 600 word technical articles. These editorial positions are allocated on a first-come, first-served basis, and must run within the same issue an advertisement is run.

**Bulletin Boards**

Again, subject to the availability of space, positions for concise technical press releases of 200 words (with one colour photograph) are available free of charge to advertisers. They are published in the four issues of iVT International quarterly magazine only.

*Please note: Technical features and bulletin board entries appear subject to the editor's approval, are published in the house style and will be edited to ensure style is consistent throughout the publication. Limited space necessitates that where editorial contributions exceed maximum word count they will be shortened. Technical features may be affected in terms of specified page layout if text and pictures fail to meet size and/or quality requirements. Picture quality is required at 300dpi; size should ideally be no smaller than 15cm wide.

VT DIGITAL DISPLAY MEDIA ADVERTISING

iVT Website Banner Positions

Banner positions are available on the iVT website. For location see the diagram below.

Digital banner measurements. 300 pixels (width) x 150 pixels (height). See positions numbered 1-8, which give a guide to the location of the digital banners on our iVT website at ivtinternational.com. They appear in continuous column on right-hand side of home page and are randomly rotated.

Premier header, right of logo 75 x 600 pixels.

iVT eBlasts are available to iVT magazine advertisers

Sponsored/placed content positions are available in the weekly IVT Digital E-Newsletter.

iVT DIGITAL BANNER OPPORTUNITIES ON EMAILERS

Banners on iVT Digital E-Newsletter weekly despatches

Banner dimensions and specifications

Dimensions: 500 pixels w x 80 pixels Restricted to a maximum of six banner positions on each iVT emailer.

iVT digital emailer frequency – once a week.

Technical specification:
1) Please add a 1 pixel black outline around the advert
2) File size – no more than 50Kb
3) File must be an animated gif or static .jpeg. Animated images will appear static when viewed on some email software, we therefore suggest making the first frame as informative as possible.
4) Please provide a URL for the banner advertising banner to link to relevant web page.

THE IVT PODCAST

The iVT Podcast offers monthly news, views and interviews with high profile vehicle design and engineering experts from across the off-highway vehicle industry.

Sponsorship of The iVT Podcast provides unique access to iVT’s digital subscriber list. Podcast sponsors are given an exclusive interview on one or more episodes along with associated marketing.

Why sponsor The iVT Podcast?

• Sponsors receive a minimum ten-minute interview on a subject of their choosing.

• The podcast episode or episodes will be promoted to iVT’s digital newsletter reader list and downloaded by existing subscribers.

• A hyperlinked company logo will appear on both the digital mailer and ivtinternational.com

• A tagline of the sponsor’s choosing will be spoken at the beginning and end of the podcast episode or episodes.

iVT WEB PAGE:

Why sponsor an iVT webinar?

• Average 30-50 fresh leads per webinar (based on previous Mark Allen Group webinars)

• 10 minute+ interview on - and sponsorship of - the iVT International Podcast (see below)

• The iVT webinar team to work with you to prepare a 30-40 minute presentation on subject of your choice. Live audience interaction.

• Comprehensive audience marketing and engagement to highlight your organisation and build an audience prior to webinar.

• Your branding clearly visible and prominent throughout – on all marketing materials, on registration page and presentation.

• Webinar to remain on iVT International website for 12 months.

DIGITAL EDITION SPONSORSHIP PREMIUM OPPORTUNITY

In September 2020 iVT launched its all-new digital edition. This fully interactive, smart-device optimised interface has already created a large increase in the numbers of readers choosing to access iVT digitally (over 11,000 visits and more than 44,000 page views for the September 2020 edition). It provides a richer editorial experience through added audio and video content, as well as extra words and images in certain articles. However, the opportunities for enhanced content aren’t just limited to editorial. Each edition one print advertiser, on a first-come-first-served basis, will be able to secure the position of our Digital Edition Sponsor. This premium advertising opportunity will consist of the following forms of digital promotion...

1. A ‘presentation page’ ad. This full page ad will appear directly opposite our front cover on the digital PDF replica of the issue

2. Two ‘interstitial ads’. These ads pop up automatically between pages as you flick through the digital edition. These will be mirrored by ‘lily ads’ which appear in the Smart View, optimised for mobile devices

3. A logo and sponsor message in the email blast sent by iVT on digital publication

4. The opportunity to augment ads with video content
