THE iTV SERIES

iVT International Quarterly Magazine

Distributed worldwide, the quarterly iTV International magazine provides more topical, news-driven coverage of the industrial vehicle market and examines the design and engineering of all classes of vehicles covered by the annual review. iTV magazine contains case studies on newly launched vehicles, together with industry news, interviews and market reports. Regular technology updates focus on particular component groups, examining new product and technology advances in areas such as mobile hydraulics, drivetrains, vehicle design, electronics, electrification and automation. Contributions from industry specialists focus on the latest designs and engineering technologies that enhance vehicle development. Available four times a year, iTV magazine provides a regular platform from which to promote your company to OEMs worldwide.

iVT International Off-Highway Annual Review

If your components and technologies are used in off-highway vehicles, then this edition of iTV International provides an excellent platform from which to promote them. iTV Off-Highway Annual Review acts as a showcase of the latest components and technologies available to off-highway OEMs. Detailed editorial features cover a wide range of subjects, from advanced concept designs to component engineering and manufacturing technology. A variety of components are featured, although particular emphasis is placed on engines, drivetrains, mobile hydraulics and driver controls, cab ergonomics and styling. Circulated worldwide, the Off-Highway Annual Review provides vehicle manufacturers with an unrivalled guide to the latest technologies, while component manufacturers benefit from an effective marketing opportunity. Worldwide distribution.

iVT China Annual Review

The ideal publication in which to advertise to the vitally important Chinese market. 5,000+ copies are distributed to senior engineers and designers at China-based OEMs manufacturing all categories of industrial vehicles. Printed in Mandarin with free editorial and advertising translation available.

A major in-depth review of the industry’s irresistible movement to electrification - the responding supplier technology and its implications. Plus profiles of the latest electric vehicles being developed for the market by OEMs.

* Please note that although we try extremely hard to avoid changes to the publishing schedule, they can sometimes occur. In the event of change, publishing dates, final copy dates and editorial features may be subject to revision by the editor.
First published in 1993, and now sent six times a year to just over *15,000 senior managers, designers, key specifiers and decision makers throughout the global industrial vehicle industry, Industrial Vehicle Technology International is the leading publication for technology and innovation in off-highway and materials handling vehicle development.

Europe 59.9%, North America 28.7%, Asia/Pacific 11.6%, Rest of World 2.7%.

Full-colour interactive digital version also available online.

**DIGITAL EDITION SPONSORSHIP PREMIUM OPPORTUNITY**

At [www.ivtinternational.com](http://www.ivtinternational.com) you can read and download the latest digital versions of the *iVT International* magazine series as well as archived issues from the past. In September 2020 iVT launched its all-new digital edition. This fully interactive, smart-device optimised interface has already created a large increase in the numbers of readers choosing to access iVT digitally (over 46,000 visits and more than 186,000 page views for the November edition). It provides a richer editorial experience through added audio and video content, as well as extra words and images in certain articles. However, the opportunities for enhanced content aren’t just limited to editorial. Each edition one print advertiser, on a first-come-first-served basis, will be able to secure the position of our Digital Edition Sponsor. This premium advertising opportunity will consist of the following forms of digital promotion...

1. A ‘presentation page’ ad. This full page ad will appear directly opposite our front cover on the digital PDF replica of the issue
2. Two ‘interstitial ads’. These ads pop up automatically between pages as you flick through the digital edition. These will be mirrored by ‘lily ads’ which appear in the Smart View, optimised for mobile devices
3. A logo and sponsor message in the email blast sent by iVT on digital publication
4. The opportunity to augment ads with video content

**OEM distribution/vehicles featured:**
- Excavators and earthmoving
- Construction
- Mining and quarrying
- Forestry
- Agricultural
- Crane and heavy lift
- Road building

**Total worldwide distribution:** approx. *15,000

**iVT China Review**

**OEM distribution/vehicles featured:**
- All industrial vehicle categories featured (as listed above)

ADVERTISER EDITORIAL OPPORTUNITIES

Technical Articles

A limited amount of space is available for advertisers to submit objective 600 word technical articles. These editorial positions are allocated on a first-come, first-served basis, and must run within the same issue an advertisement is run.

Bulletin Boards

Again, subject to the availability of space, positions for concise technical press releases of 200 words (with one colour photograph) are available free of charge to advertisers. They are published in the four issues of iVT International quarterly magazine only.

*Please note: Technical features and bulletin board entries appear subject to the editor’s approval, are published in the house style and will be edited to ensure style is consistent throughout the publication. Limited space necessitates that where editorial contributions exceed maximum word count they will be shortened. Technical features may be affected in terms of specified page layout if text and pictures fail to meet size and/or quality requirements. Picture quality is required at 300dpi; size should ideally be no smaller than 15cm wide.
